CITY OF BOSTON.

A REPORT

OF THE

RECORD COMMISSIONERS.

The Record Commissioners herewith submit the eighth volume of the records which they have been empowered to print. It makes the third volume of the records of the town of Boston, the previous ones being the second and seventh volumes in the series. This volume ends with the meeting for September 30, 1728, — a date which has been fixed upon arbitrarily, inasmuch as it is at the close of one of the bound volumes of the original records in the City Clerk's office.

The "Index of Places and Subjects," for this book has also been prepared by Mr. John T. Priest, Assistant City Clerk, as its insertion in the seventh volume was so generally approved.

The Commissioners have now in press a Ninth Report, which will contain Births, Deaths, and Marriages in Boston prior to A.D. 1700, from the town records, and the Baptisms from the First Church records; a Tenth Report comprising Miscellaneous Papers, dated prior to A.D. 1700, from the State archives and other sources; and they are reprinting the Third and Fourth Reports, which were out of print.

Copies of the First, Second, and Seventh Reports, which relate entirely to the history of the old town of Boston, can still be obtained on application at City Hall.

William H. Whitmore,
William S. Appleton,
Record Commissioners.

City Hall, Boston, December, 1882.

[NOTE. It will be found, on comparing the Seventh and Eighth Reports, that the last eight pages (232 to 239) of the original, which close the former book, are repeated at the beginning of this one. The oversight can only be excused by the plea that there is always a pressure to issue the volumes as soon as possible, and that at least nothing was lost. W. H. W.]

Said lands haveing been long Since Sold p a Com̄ittee of the Said Proprietors to Severall Gentlemen in Town for the Sum̄e of Five hundred pounds and has been Since Sold p them to other persons mostly of the Town of Brantree for the Sum̄e of Seven hundred pounds, but the Town Esteeming the Lands to be their Right have often passed votes relating to that matter, which votes have never yet produced any good Effect, but

only has bread dissentions in the Town, which dissentions 'tis beleived might easily be composed, and a Satisfactory Accomodation accomplished, if only by a very Small Concession the Town would pass a Vote that a Committee Should be chosen to treat with the Proprietors, that the Five hundred pounds for which the Lands were first Sold might be appropriated and imployed for the good of the Town, in Some good Methode whereby the Stock may not be Exhausted, and that it might be left to the Comittee chosen by the Town in Conjunction with a committee of the Proprietors to appoint what Methode the money may be improved, and Some Such methode of accomodation no doubt the Proprietors will assent to Some of the Principall of them haveing Expressed themselves to Such effect. And it's Supposed that upon very easie Application to the Gentlemen who were the first purchasers, they will give to the Towns use the Two hundred pounds which the Lands were Sold for more then the first purchace (excepting what charge they have been out about it) which Severall of them have exprest a willingness to. Voted, That Deacon John Marrion be the Moderator for this present meeting.

The Select men haveing offered to this meeting the following proposalls as followeth vizt.

That the Orders and By-Laws of this Town already mad: for the directing, Ordering and Mañageing of the Prudential Affaires thereof, have not answered the ends for which they were made, and the principall cause thereof is a General defect or Neglect in the Execution, without which the best Laws will signifie little, And one great reason why they are no better Executed, is the want of a proper head, or Town officer or officers impowered for that purpose, the Law haveing put the Execution of Town orders into ye hands of the Justices only, who are not Town but County officers. And it cannot be expected that they Should take the Trouble and care, or make it so much their business, as a Town Officer or Officers perticulerly Appointed or chosen thereunto must Needs do, and indeed for any Body or Society of men as a Town is, to be Vested with Power to make Rules and By-Laws for their own good Regulation, and not to have power to chuse and appoint the Head Officer or Officers who shall have power to Execute their own orders and By-Laws Seems Incongruous, And good Order is not to be expected while it remaynes so, For as a Town grows more Populus it will stand in need of a more Strict Regulation.

The said Selectmen do therefore propose that this Town do now Chuse a Committee of a Considerable number of the Free holders and other Inhabitants of the Town to draw up a Scheme or draught of a Charter of Incorporation for the Incourragement and better government of this Town in the best methodes as they Shall think

Sutable, and of the best and most Sutable means for procuring and obtaining thereof, And to present the said Scheme or draught to the Town at their Anual Meeting in March next.

Voted, That a Committee be chosen to draw up a Scheme or draught of a Charter of Incorporation (or any other projection) for the Incourragement and better Governm^t of this Town, in the best methodes as they shall thinck Sutable, and of the best and most sutable means for the procureing and obtaining thereof, And to present the S^d Scheme Or draught to the Town at their Anual meeting in March next.

Voted, That the Town will chuse the number of Thirty one persons to be of the s^d Committee.

Voted that Seventeen of S^d Committee Shall make a Quoram.

[299.] Voted That Elisha Cook Esq, Elisha Hutchinson Esqr, Isaac Addington Esq, Samuel Sewall Esq, John Foster Esq, Pen Townesend Esq, John Clark Esq, Paul Dudley Esq, Coll^o. Samuel Checkley, Coll^o. Addam Winthrop, Capt. Thomas Fitch, Capt. Thomas Hutchinson, Capt. Timothy Clark, Capt. Samuel Keeling, Capt. John Ballentine jun^r, Eld^r Joseph Bridgham, Deac. Voted. That the s^d Committee is also desired to consider of, and propose Some way for Lessening the charges of this Town.

At a meeting of the Free holders and other Inhabitants of the Town of Boston, duly qualified and warned according to Law, being convened at the Town House the 24th day of January Anno Domm^i 1708.

The Committee chosen by the Town the 19th of December Last, to consider the Affaires relating to ye Free Grammer School of this Town, haveing now made their report unto ye Town as followeth vizt.

Wee have discoursed wth m^r Williams the present master of whos: qualifications and fitness for that imployment we tak: for

granted every body must be abundantly Satisfied. He expresses a good Inclination to the worke, and his resolution intirely to devote him Selfe thereto, If the Town please to Encourage his continuance therein by allowing him a competent Sallary, that he may Support his family, and Granting him an Assistant. He is Very Sencible of the Advantage of the Assistance Lately afforded him, both with respect to his health and also as to ye Schollars.

We are of opinion the worke of that School do's necessarily require the Attendance of a master and an Usher, and it seems Impracticable for one person alone, well to Oversee the manners of So great a number of Schollars (oft times more then a hundred) to hear their dayly Exercises, and Instruct them to that degree of profitting, which other wise may be wth an Assistant.

[308.] We Recommend it to the Town to Encourage m^r^ Williams's continuance in the School, by advanceing his Salary to the Sum of One hundred pounds p Annu, which we thinck to be a modest demand, and to grant him the Assistance of an Usher, at the Towns charge. In which we have ye concurrent Opinion and Advice of ye Revr^d^ Ministers.

We further propose and recommend, as of Great Service and Advantage for the promoting of Diligence and good literature, That the Town Agreeably to the Usage in England, and (as we understand) in Some time past practiced here, Do Nominate and Appoint a Certain Number of Gentlemen, of Liberal Education, Together with Some of ye Revd Ministers of the Town to be Inspectors of the S^d^ Schoole under that name Title or denomination, To Visit ye School from time to time, when and as Oft, as they shall thinck fit to Enform themselves of the methodes used in teaching of ye Schollars and to Inquire of their Proficiency, and be present at the performance of Some of their Exercises, the Master being before Notified of their Comeing, And with him to consult and Advise of further Methods for ye Advancement of Learning and the Good Government of the Schoole.

And at their S^d^ Visitation, One of the Ministers by turns to pray with the Schollars, and Entertain 'em with Some Instructions of Piety Specially Adapted to their age and Education. The Inspectors also, with the master to Introduce an Usher, upon such Salary as the Town Shall agree to grant for his Service, all which is Submitted to Consideration.

Voted. That the Town will proceed to Consider the Said Report in the Several Articles thereof

Voted. That m^r^ Nathaniel Williams's Salary be advanced to One hundred pounds p' Annum to Encourage his continuanc: in the School.

Voted. That an Usher at the Town's Charge be allowed to Assist m^r^ Williams in the S^d^ School.

are desired and appointed to Attend the S^d^ Servic: as Inspectors agreeable to the S^d^ proposalls.

Voted. That the Said Inspectors are desired to Introduce an Usher into ye S^d^ School, and to Agree with him for a Recompence for his Service, not Exceeding Forty pounds p Annum.

Voted. That the S^d^ Inspectors do agree wth m^r^ Thayer for his past Service in that worke & allow him for ye Same not exceeding the aforesaid Rate of Forty pounds p Annu.

[309.] The Said Committee have now presented their report thereof unto the Town and is as followeth vizt

Wee are of Opinion that the proposalls made by Doct^r^ Oliver Noyes and other Gentlemen now Signed by them & given in to the town at this meeting, will be a means to have the Out wharfes brought into good repaire, the doing of which with the planting of Guns as proposed, may be a great Safety to this Town in case of the Attack of an Enemie, and will be of Publick and Generall good to this Town, Provided the Undertakers be under Penalty to perform what they have there proposed and what is intended vizt. That the Street Shall forever be Open it's full breadth from the End of King Street to the Circular Line, and be no wayes Incumbered by them.

Confirm unto us the S^d^ Subscribers our heires, Assignes and Associates forever the Said Wharfe or Flatts to be maintained as aforesaid, unto Low water mark, wth all the Libertyes Priviledges Comodityes and Appurtenances whatsoever there unto belonging to our only proper & absolute use and be hoofe forever, And that the Town of Boston Shall alwayes defend us in the Possession and Peaceable Improvement of the Granted Premisies from any claim of ye Town &c. and that no wharfe beyond the S^d^ Circular Line be permitted to joyn or come nearer to us then Sixty foot for ever, And we do Ingage and promise to finish s^d^ Wharfe within the space of four years next after the date of the Grant if the Right of ye out wharfes for One hundred & twenty foot where the line will fall can be procured by us. In witness where of Wee have hereunto Sett our hands the twent^th^. day of Feb^ry^ Anno Reginæ Octavo Anno Dom^i^ 1709/10 Oliver Noyes, Daniel Oliver, James Barnes, John George, John Gerrish, Anthony Stoddard.

Mr Thomas Clark of Boston Pewterer haveing by his Petition Signified his request as followeth vizt.

That the Town would Grant him Leave to fill up the Towns Dock (or Slip at the Lower end of Fleet Street) even with Capt Haymans Wharfe, which he will do at his own charge, and the Same Shall be free for all persons who shall have Ocasion to Ship off, or for Landing any Goods at any time, which will be a great benefit, whereas it is now of no use at all: and this your Petitioner is willing to do though it will be more for the benefit of the Merchants then for his own proffit, provided he may have a Cart way free forever for himselfe, his heires and Assignes, and he further promises a free Cart way for the Inhabitants of Boston to pass from this wharfe to the Out wharfes or any part thereof, he further Engages to make Such a way or slip at the end of the wharfe as the Selectmen Shall See meet.

And whereas the Select men by a Vote of the Town the 19th of December Last were appointed to advise & consider of m^r^ Thomas Clarks proposalls Set forth in his Petition & to mak: Report at the next Town meeting of what they Shall thinck proper for the Town to do Concerning the Same.

Voted. A Concurrence to ye S^d^ proposalls ab^t^ a water way to be built at Merry^s^ point.

A memorial being presented to ye Town at this meeting, in writeing as followeth vizt.

It being supposed that attempts may be made by Some perticular persons (in order to promote their own private interest) to perswade Some of the Inhabitants of this Town to move for a Vote of the Town for, or in order to the wharfeing, or filling up the Town Slip at the Lower end of Wood Lane, under a pretence that the So doing may prove a com̄on benefit. And Least the Town Should be too easiely perswaded to Consent thereto in their own wrong.

The Subscribers hereof do hereby Offer unto consideration Some Arguments to demontrate, that the filling up the Said Slip will tend to the prejudice and dam̄age of ye Town And that the Same being left open will tend to ye benefit & Advantage of the Inhabitants, and that in Sundry respects vizt.

1. With respect to the Natural Course of Wast water running out of Severall Streets into that Slip, and in perticular the many Cellar draines in that part of the Town, which can have Vent in no other place but ther: unto which priviledge that neighbor hood do esteem themselves to have a just and equitable Right, and Some of them do complaine, that the buildings wch have been Set over the S^d^ Slip for years past hath been greatly to their damage, for that ye S^d^ Slip, partly by the working of the Sea, and partly by Trash cast in, hath gradually fil'd up, and no way left to come at and clear the Same, the which inconveniency (unto a greater degree) they may reasonably expect in cas: the Same Should be wharfed or fil'd up.

[314.] 2. With respect to the benefit of haveing Small boats with fruits, and other provisions usually brought to market, to come up and lie so neer the High way which might be a benefit to ye Inhabitants for the future as it formerly was, for (by the report of Sum who do remember the Same) that Slip before any buildings were Set over it, was much frequented by Such boats Comeing to market from ye Iselands and other places lieing Nigh unto this Town.

3. With respect to the Landing or Shipping off of Horses, Cattell &c. or the Saveing any Such from being drowned or Lost, which at any time may hapen to fall off from any wharfe on y^t^ Side of ye Town.

4. And also with respect to the more ready comeing at, and procureing water out of the Sea in case of great extreamity by the breaking out of fire in that part of the Town.

All which fore mentioned conveniencyes being for the Comon good and benefit of the Inhabitants may justly claim a prefference to any privat: Advantag:

And whereas the Said Slip is the Only place of the Townes now left on that Side of the Town, Capable of of being left open for the Afore mentioned uses.

It is there fore proposed that the Inhabitants do pass a Vote, That the Said Slip be for ever hereafter left open as a waterway free for the afore said uses, excepting only So much thereof to be made up and fil'd Next the Street, as shall be a Sufficient Abuttment to the Same, and that all the rest of ye Said Slip be clear'd, and Kept clear and Free from any Filth, annoyance, incumberance or Incroachment, and that Convenient Sepps and wayes be made to the Same, with Battlements next the Street.

Signed by John Clark Esqr, Jos Prout Wm Robie, wth twenty others of ye Inhabit^ts^.

And that for the Space of Seven years past he hath Served the Town as Treasu^r, And that the work of both his S^d Offices hath required Such Constant dayly Attendance, So as to exclude his undertakeing in other imploy^mt. If any missunderstanding Should happen between the Honourable the Councel & the House of Representatives we Recomend a fair and free debate & friendly Conferance (when you find it proper) as the best way for an accommodation according to the practice of our Nation, where It[s] worthy of Observation and Imitation that the usual practice in the Debates between the Lords & Comons Is for the King to be absent or behind the Curtain that So non may be Influenced or awed to Interrupt that freedom of Speech whis is so highly approved by them.

Whereas Sundry fires haue of late broke out among us to the great Terror & Affrightment of the Inhabitants, which we haue too Just grounds to beleiue were wickedly contrived and Designed by Some Evel Instruments.

It is therefore humbly proposed by the Select men.

That there be forth with five watch houses at the Least in the Most Sutable places of the Town, and five good able Bodyed men of Sober Conversation Assigned to Each of those Houses, to be Enployed Six months of the year from Nine of the Clock in the Evening the Other from Eight to Sun Rising. To be carfully watching by Turns the Streets, Lanes and allyes through out the Town to discouer and prevent what in them lies fires, Breaking into Houses, Thefts or any Disturbance that may arise And that there be Two Sutable Discreet persons appointed [426.] to Inspect the Severall watches and keep them to their duty.

And in as much as the maintaining and defraying the Charge of Such a watch will Require a much larger Sum then has bin heretofore allowed for that Service.

Should therefore the Rule for Proportioning the Watch Tax be as it now or last agreed upon by the Justices in their Sessions Great Inequallity would nescessarily Ensue.

That therefore a Comitte be appointed to Attend the Justices at their next Sessions and Demonstrate this matter to them that so the Sum of the Highest Rate may be so far advanced that no Inequallity or Injustice may ensue, but Every one willingly pay and Contribute his Reasonable Proportion in carrying on the

aforesaid watch, which doubtless will be Readily assented to by them.

Whereas great numbers of Indians Negros & Molattoes haue of late accustomed them Selves to attend the Burial of Indians Negros & Molattoes, which practise is of Ill tendancy and may be of great Inconveniency to the Town if not prevented.

for Remedy whereof Ordered that all Indians Negros and molattoes Shal be Buryed halfe an hour before Sun Set at the Least and at the nearest burying place (where negros are usualy buryed) from the place they Shal be Carryed, thro' the most direct Lanes or Streets that lead thereto.

for Remady whereof Ordered That Every Person now Resident here, that hath within the Space of three years last past bin brought from Ireland, or for the future Shal come from thence hither, Shal come and Enter his name and Occupation with the Town Clerk, and if marryed the number and Age of his Children and Servants, within the Space of fiue dayes, on pain of forfeiting and paying the Sum of twenty Shillings for Each offence, And the Sum of ten Shillings for Every one that Shal Continue in the neglect or non-Observance of this Order, for and During the term of forty-Eight hours after the Expiration of the fiue dayes aforesaid So often as the Person offending Shal be Complained of and Convict before any Justice of the Peace within the Said County.

The Committte appointed to Draw up an address to His Majesty Offred as follows viz.

To the Kings most Excelent Majesty. The Humble address of the Select men free holders and other Inhabitants of the Town of Boston, in your Majestys Province of the Massachusetts Bay in New England Assembled in the Town Hall on Monday the Thirteth Day of Decem^br 1723 .

May it Please Your Majesty

We Your Majestys Most Loyal and Dutyfull Subjects humbly beg leave to Prostrate our Selves at your Royal feet, on the Account of a Memorial Lately presented by His Excellcy Samuel Shute Esqr. Wherein We are accused of being under no Magestracy, By want of which many of the Inhabitants become too much Disposed to a Levelling Spirit, & too apt to be mutinous and Disorderly, and Ready to Support the House of Representatives in any Step they take towards Encroching on the Prerogative of the Crown &c.

We crave leave Humbly to lay before Your Majesty the mistake of that Representation both as to the Number and Government of the Town and Especially as to their being under no Magestracy, where upon we would humbly Shew forth (that besides Sixteen or Eighteen Justices of the Peace Commitioned by His Excellency who are Inhabitants) we doe Annually make Choice of Sundry [431.] Persons for Select men, and other Officers, who haue the Prudentiall Affairs of the Town Committed to them, according to the Constant usage and agreable to the Laws of the Province made for that purpose, and this as well as other Towns of the Province are Impowered to make By Laws and Orders for the Better Regulating the affairs & Inhabitants of the Several Towns, Which good an wholesome hath bin by this Town duly Observed and keept ever since our present Hapy Constitution.

We would therfore in all Humble wise presume to Say that those Aspertions are groundless, far from the tember and Inclination of Your Majesty^s good Subjects the Inhabitants of this Town, or from being at any time practised among us. We always make it our Study and Care to Chuse Such Persons, to Represent us in the Generall Assembly as are truly Loyal and Sincerely Desirous of Serving Your Majestys Intrest, and if the Governor has at any time Negatived Some of them when the Generall Assembly thought them qualified to be of His Majestys Council, we are of opinion that Negatiue did not abridge the Town of their freedome of Electing them to Sit in the House of Representatives as They had don before His arival among us.

We take this Occasion to Assure your Majesty that we are Sincerely Attached to your Royal Person and Gouernment, which has bin So wonderfully mild and Just as to give us a Sensable Pleasure under your Hapy Administration, That we highly disaprove of any Encroachment upon your Royal Prerogative, and are hereby encoraged humbly to Pray for the Continuance of those favors we haue to Our great Satisfaction hitherto Enjoyed under your Auspicious Reign, and that you would be gratiously pleased to Accept this Our Humble Address.

That the British Crown may long florish on your Royal Head, and be Continued to your Illustrious family as by Law Established to the Latest posterity is and Shall be the Sincere and hearty Prayer of Your Majesty^{s} Loyall and dutyfull Subjects of this your Majestys Town of Boston.

The aboue Address was Read, and Voted to be Signed by the Select men & in the name and by order of the free holders and Inhabitants of the Town of Boston by the Town Clerk.

[**432.**] The freeholders and other Inhabitants of the Town of Boston Regulerly Assembled in the Town Hall. Having Voted an Address to His Sacret Majesty King George on Acco^{tt} of a Memorial presented by His Excellency Sam^{ll} Shute Esqr, Which being Read & accepted by them they also.

The Comittee appointed to Inquire into that afair, made their Report as follows:

Pursuant to a Vote of the Town of the 13th March 1726, appointing us a Comittee as in the Votes directed.

We have met divers times on that affair & heard Capt John Ballantine & others thereupon & Received and Considered their papers Respecting the Same, and haue Searched the Records of the Town or Selectmen [**466.**] and Considered them, And we find that Several Advantages and priviledges were granted to the Mill owners, In consideration whereof they were Obliged to Build and maintain a Sufficient Bridge for Cart & Horse to pass Safely where the Bridge now is. But we don't any find any Grant of a draw Bridge as a Priviledge to any Persons, but the making and maintaining a Sufficient Safe Bridg was enjoyned the mill owners, as incumbant on them to perform an accout of Several grants made to them as aforsd

The Said Comittee Report being Read & Debated.

Voted the Said Report be accepted.

A Comitte having bin appointed to Inquire into the Towns Intrest in the Lands and Wharfs Near the South Battery &c. The Said Comitte haue made their Report which is as follows.

The Comittee having Searched the Records of the Town of Boston, Find a grant of the Flats lying before the Town from the Sconce to Capt Scarlets wharff Extending Westward towards the Town as far as a Circuler line then agreed upon and fixed, and Eastward to the Channel, with Certain priviledges & imunities made by the Select men of the Town Pursuant to a Vote and

order of the Inhabitants of Said Town at a Publick meeting Lawfully warned the fifth day of September 1673. To Such of the Inhabitants of the Town as would undertake the Building and Erecting a wall or wharff of wood or Stone from the Said Sconce to Capt Scarlets wharff, to be Twenty two foot broad at the Bottom, about fourteen or fifteen high and Twenty foot broad at the top, to be made uniform and Substancial, convenient for a Brestwork to play Guns on, in Proportion to their Several Subscriptions.

And the Honorable John Leverett Esqr deceaced then Govnr Subscribed to Build One hundred and fifty foot of the Said wall or wharff to ly next to the Sconce for the Publick use of the Sconce and Church who Owned the Ground adjoyning, By which the Town had the Seventy five feet next adjoying to the Sconce, with the Priviledges and [467.] Immunities belonging to them being the one halfe of the aforesaid one hundred and fifty foot and the Publick (being the Town) first mentioned in the aforesaid Subscription, which wall or wharff is almost wasted and Destroyed by Storms and hath for Some time past bin worn down to the Bottom Loggs.

But we apprahend it may be for the Benefit and advantage of the Town, To put the Same into a Speedy Repair in Such way & manner as they may Judge most advisable.

And further the Comittee think it not advisable for the Town at present to Lease out any part of the Land or flatts at the South Battery, but that Something ought to be don to prevent any further wasting of the Towns Land and Intrest there.

The Committee hauing also viewed the North Battry find the Same to be much out of Repair the Front wharff no way Sufficient to mount the Guns on, and that the Putting the Same into a Posture fitt for a Platform of Guns would Demand a Considerable Sum of money, which Considering the Difficult Circonstances the Town Labors under, We thinke would be too great a burthen for them to bare, more especially for that the work when Perfected will be of Service and Defence to the whole Province. But that the Repairing the Inward Wharffe which is used for the Building of Ships on Should be forthwith Effected.

About the Petition of John Yeamans Esqr & Others about a Bridg to Nodles Island &c.

The Comitte made their Report vizt

The Committee having Considred the Subject matter of the Petition together with the objections of Several of the Inhabitants

at Rumney Marsh, Apprahend that the Erecting a good Substantial Bridge from the main at Winnisemet Side to Nodles Island will not be Disadvantagious to the Town of Boston, [**468.**] Provided The Petitioner John Yeamans Esqr, be obliged at his Own Cost & Charge to make & Keep in Good & Sufficient Repair the Aforesaid Bridge for ever with Convenient highways to the Same fit for man & Horse, to pass or Repass as well to the Bridge on Winnisimmit Side where the Road may be altered for the Accomodating the Bridge, and so from thence thro' Nodles Island to the place that may be Assigned for Transporting Passengers & Goods from the Island to Boston Provided also the Town Enjoy the Sole priviledge of the Ferry from Boston to the Island, And that the Several Persons whose Estates & Intrest on Rumney marsh may be any wayes prejudiced by Erecting the aforesaid Bridge be made good to them in Such proportion as a Comittee for that purpose by the Great & General Court Shall adjudge. But we conceive the Suffering a ferry from Winnisimmet to Nodles Island til such times as the Bridge can be Conveniently Perfected will be very Inconvenient & of disservice not only to Boston but all Travellers in generall.
